How Freedom Digital Media does business...

ESTIMATES

Good faith estimates are provided based on the information available at the time of request. Before a client commits to a project, we will provide our expertise in determining the time, materials, and labor needed to complete. And if the scope of the project changes once a budget has been approved, we will provide you feedback in progress so there are no hidden surprises at the end of the job.

QUALITY

FDM agrees that each film, tape, and video, when complete, will be of quality equal to current SMPTE and ASA standards.

PACKAGE RATES

Package rates are based on a 10 hour day on location plus a minimum half hour lunch break. Overtime starts after 10 working hours. Drive time/equipment load up to 1 hour each way not charged.

CANCELLATION

Client is responsible for assuming the risk of inclement weather, and specifically acknowledges that adverse weather conditions do not negate client's responsibility to pay cancellation charges. In the event of cancellation of work ordered or scheduled, charges are as follows:

0 -24 hours 100% of total project/shoot day. 24 -48 hours 50% of total project/shoot day.

Client caused waiting time will be billed at full rate. If we can re-book your time, there is no charge.

BILLING

Rates are subject to change. Please call for latest pricing.

New clients will be billed 50% upon acceptance of bid, and 50% upon turnover of materials. Overages are the responsibility of the client and are due upon receipt. FDM will make every effort to inform clients when FDM is incurring overages.
